social perspective explores the impact of social factors on individual health a topic often overlooked in the practice of psychiatry psychology and medicine richard u ren synthesizes viewpoints and information usually dispersed among many disciplines to show how social roles political economic conditions and the social stratification system all contribute to individual well being or disorder u ren investigates how access to

income education and social affiliations buffers individuals against stress and facilitates coping he demonstrates that those who lack access to such resources suffer the poorest health and the greatest mental distress a problem that has only grown more challenging with rising inequality adding a new dimension to understandings of mental health mental illness and psychological distress social perspective offers clinicians a concise account of society's impact on the individual

prepare for the real world of family nursing care explore family nursing the way it is practiced today with a theory guided evidence based approach to care throughout the family life cycle that responds to the needs of families and adapts to the changing dynamics of the health care system from health promotion to end of life a streamlined organization delivers the clinical guidance you need to care for families significantly updated and thoroughly revised the 6th edition reflects the art and science of family nursing practice in today's rapidly evolving healthcare environments

the latest edition of this definitive book in the field of family therapy the first update in ten years widely used by family therapists and by health care professionals in general the genogram is a graphic way of organizing the mass of information gathered during a family assessment this visual representation allows the practitioner to find patterns in the family system for more targeted treatment now in its fourth edition genograms has been fully updated by renowned therapist monica mcgoldrick expanded with four color images throughout additional material explaining the use of genograms with siblings and couples and a thorough updating to essential concepts this edition provides a fascinating view into the richness of family dynamics informative comprehensive and beautifully written and illustrated this book helps bring to life principles of family system theory and systemic interviewing as well as walk readers through the basics of constructing a genogram doing a genogram interview and interpreting the results

an accessibly written bestselling introduction to emotional psychological intellectual and social development throughout the lifespan now with online case study resource

essentials of human behavior combines elizabeth d hutchison's two best selling dimensions of human behavior volumes into a single streamlined volume for understanding human behavior the text presents a multidimensional framework integrating person environment and time to show students the dynamic changing nature of person in environment in this third edition hutchison is joined by new co author leanne wood charlesworth who uses her practice and teaching experience to help organize the book's cutting edge research and bring it into the classroom the text will thoroughly support students understanding of human behavior theories and

research and their applications to social work engagement assessment intervention and evaluation across all levels of practice this title is accompanied by a complete teaching and learning package

topics covered include exploring boundary between deviance and criminality in the lives of young people who are deeply involved in the youth culture show how youth culture is not a set of categories so much as it is a dynamic and creative response to the confusions of growing up in modern society

taking an historical cross cultural and global approach this book focuses on the link between social structure and the everyday lives of people's diverse experiences of marriages families and intimate relationships it shows how contemporary families go well beyond the traditional heterosexual two parent white middle class family and heterosexual legally sanctioned marriage challenges the assumption that one culture's way of doing things is the natural or right way shows how marriage and family life have changed historically over time and from place to place and how political and economic globalization impacts families worldwide features extensive boxed material accompanied by questions for personal reflection marriages and families over time ways of studying and explaining marriages and families understanding gender its influence in intimate relationships the many faces of love dating coupling and mate selection sexuality and intimate relationships nonmarital lifestyles the marriage experience reproduction and parenting evolving work and family structures violence and abuse the process of uncoupling divorce in the united states remarriage and remarried families families in later life marriages and families in the twenty first century u s and world trends for anyone interested in marriage and family dynamics including individuals counselors nurses social workers home economists etc

this text examines the various roles of women in the criminal justice system against a social context in which women are oppressed the text examines the following three roles of women in criminal justice women as victims of crimes women as criminals convicted and sentenced for crimes women as workers in various agencies in the criminal justice system this text emphasizes content on gender and ethnic diversity and on the strengths of oppressed people especially women of color a wide range of issues are covered including the rate of early childhood sexual abuse victimization in female inmates priest abuse of girls female inmate rape by male prison guard and obstacles for women lawyers achieving partnerships in their firms the authors provide a wealth of recent data drawn from both domestic and international human rights sources as well as from personal interviews the final portion of the text describes women's setbacks in entering the traditionally male dominated fields of policing the

law and corrections if people are given half a chance they can draw on their own resources to heal from the past and build for the future this empowerment approach is already prominent in the social work field and widely used in victim treatment programs for working with female offenders

this book employs a unique approach to introducing and examining sociological principles by posing and answering in each chapter a question such as what does it mean to be human are human beings free and why is there misery in the world the book examines the philosophies of classical sociologists such as marx weber durkheim mead and berger and looks at how the field of sociology has approached these questions over the past 150 years

sociology discovering society 2nd provides comprehensive coverage of sociology in an affordable paperback format with research studies in every chapter and boxes that portray sociologists at work it will especially appeal to sociology professors who value a quantitative research methodology oriented approach instead of presenting every possible theory for each issue stockard s streamlined approach pulls in theories only when they appropriately relate to the issue at hand this integrated approach produces a text that reads more smoothly than the overly encyclopedic heavily interrupted narratives of other texts
