what is the role of founding leaders in shaping terrorist organizations what follows the loss of this formative leader these questions are especially important to religious terrorist groups in which leaders are particularly revered tricia l bacon and elizabeth grimm provide a groundbreaking analysis of how religious terrorist groups manage and adapt to major shifts in leadership they demonstrate that founders create the base from which their successors operate founders establish and

explain the group's mission and they determine and justify how it seeks to achieve its objectives. Bacon and Grimm argue that how successors position themselves in terms of the founder shapes a terrorist group's future course. They examine how and why different types of successors choose to pursue incremental or discontinuous change. Bacon and Grimm emphasize that the instability surrounding succession can place a group at its most vulnerable the precise time to explore options to weaken or defeat it. Bacon and Grimm highlight similarities between Islamic terrorist groups abroad and Christian white nationalist groups such as the 1920s Ku Klux Klan in the United States. Drawing on extensive field research in Afghanistan, Somalia, and Pakistan, *Terror in Transition* features detailed analysis of groups such as al-Shabaab, Egyptian Islamic Jihad, and al-Qaeda in Iraq. In recent years there has been much controversy about the proper forum in which to prosecute and punish suspected terrorists. Some have endorsed aggressive use of military commissions; others have proposed an entirely new national security court. However, as the nation strives for a vigorous and effective response to terrorism, we should not lose sight of the important tools that are already at our disposal. Nor should we forget the costs and risks of seeking to break new ground by departing from established institutions and practices. As this white paper shows, the existing criminal justice system has proved successful at handling a large number of important and challenging terrorism prosecutions over the past fifteen years without sacrificing national security interests, rigorous standards of fairness and due process, or just punishment for those guilty of terrorism-related crimes.

justify some of the most barbarous acts of terrorism witnessed at the turn of the century can both men be equally religious figures as leaders of movements of political protest do they have any points of similarity moreover how can the religious philosophy of nonviolence respond to its nemesis which takes life so easily and casually these and other important questions are explored in this work that examines the lives and ideas of mohandas k gandhi and osama bin laden as well as that of abdul ghaffar khan a refreshing nonviolent representative of islam
