colorful macaws fly gracefully between trees while monkeys howl or chatter from high branches overhead many plants and animals display vibrant colors while others like the sloth hide in plain sight the tropical rain forest biome is chock full of life and there are still many questions to be answered about this mysterious region this informative book invites you to learn about the inner workings of this unique biome where every living thing plays a part in this biome community come see how the web of life thrives in the tropical rainforest biome

shortlisted for the 2023 archibald lampman award poetry that navigates the science of cold waterways to consider the warmth of the poet s chinese mauritian family ties fire cider rain is about the limits to which shared cultural and geographic histories can hold a family together it follows the lives of three chinese mauritian women on the course of dispersing settling and rooting over northern landscapes and the brittle family bonds that tie them to one another and to their home country told from the perspective of the youngest of the three women the book follows the events leading up to and following the death of her grandmother an ex lighthouse keeper and matriarch whose fractured relationship with her own daughter haunts the narrator s life in soft painful aftershocks as she navigates the cold cities and waterways of southern ontario our narrator struggles with conflicting desires to run toward and flee from her island identity which grows ever distant ever more difficult to find her way back to at its core fire cider rain is a book about parent child relationships as vessels for cultural identity and the ways in which expressions of love and non love within those relationships can rupture sense of place self and at times a collective diaspora throughout the book ng cheng hin explores the geopolitics of island nations the dilution of family histories over time and the experience of water as a medium for the cyclical movement of island bodies stories and cultures the mauritian landscape and waterways of southern ontario recur through the book as convergence points for its many themes in this stunning debut rhiannon ng cheng hin weaves wondrous verse across geological spaces that extend from mauritius to canada in this poetry the indian ocean converses with

northern landscapes to give voice to the un settling of diasporic women in search of rootedness water becomes a medium a metaphor a rhythm a motif and a metamorphosing figure through which memory loss and mourning become bodies rhiannon ng cheng hin s sweeping poetry is infused with dexterous and lavish verse that makes the reader want to live within the nuances of each line fire cider rain is a dazzling debut kama la mackarel author of zom fam mauritian waters of memory migrate through imperial decay and calcic dust to the cold northern continent where rhiannon ng cheng hin s lustrous poetic telemetry manifests a lexical biogeography of uprootedness her lyrical i the connecting thread between past and future between mother and moth grandmother and cyclone selia lover and terra nullius fire cider rain erupts as ebb and swell distilling belonging and meaning in postcolonial drift filling absence with terraqueous inquiry and salvaged wake jeffrey yang author of line and light in reading rhiannon ng cheng hin s poetry i became immersed within a deep sense memory of why i came to love poetry in the first place her attunement to language and cadence vibrates or as she writes love or recognition catches in my throat and stings hers is a voice that can make nerve endings sing and one that speaks with such artful earnestness to the difficulties there are in a personal history ng cheng hin s poetry is cousin to the spider s web which belies a kind of vulnerability through its delicate beauty yet each of its strands contains an exceptional tensile strength liz howard author of letters in a bruised cosmos

james hoggard s new collection of poems is an elegant highly energetic volume that takes its readers through a wealth of settings times and forms as versatile a poet as there is hoggard time and again turns his attention to forms like pantoum and ghazals that heighten the readers responses to the stories he tells in verse in fact one of the signal pieces in the volume shows hoggard unearthing an old story about odysseus trying through a wealth of trickery to get out of going to the trojan war what the tale adds up to however is a deeply moving love story that seems genuinely contemporary running throughout this collection is a powerful use of environmental collapse as both theme and metaphor

author aaron murray looks at some of the plants and animals that live in the rain forest this book crisp detailed images enhance

the text which is perfect for young readers

smell is the most emotional and evocative of our senses it can bring back memories faster and with more immediacy than a photograph so why is it so little understood armed with a hungry curiosity and a willingness to self experiment author barney shaw goes in search of the hidden meanings of smells using plain words to describe what he finds he investigates the chemistry psychology history and future of this underappreciated sense journeying around boatyards perfume shops and memories shaw opens your nose to the world breaking down chords of smells into their component notes and through them revealing new ways of understanding the spaces through which we move an investigation into the biology psychology and history of smell and a search for effective ways to put into words scents that we instantly relate to but find strangely ineffable the smell of fresh rain includes a 200 entry thesaurus of succinct descriptions of common smells

a new laugh out loud novel from award winning author steven herrick some things are too big for a boy to solve jesse is an eleven year old boy tackling many problems in life especially fitting in to a new school luckily he meets kate she has curly black hair braces and an infectious smile she wants to save the whales and needs jesse s help but they haven t counted on hunter the school bully who appears to enjoy hurling insults at random with hunter s catchphrase ha echoing through the school something or someone has to give but will it be jesse kate or is there more to hunter than everyone thinks an inspiring and funny story about the small gestures that can help to make the world a better place

relations between the united states and south africa or the parts of the world these nations now occupy go nearly as far back as the very beginning of their inception as permanent european colonial intrusions this book is a critical overview of these relations from the late seventeenth century to the present unprecedented in its scope and supported by substantive and detailed notes together with an extensive bibliography chronology glossary and appendices the book distinguishes itself from extant works in a

number of other ways set against the backdrop of a wider interdisciplinary exploration of both ideational and structural issues of historical context it not only gives attention to the importance of contributions from nonofficial actors in shaping official relations but also considers the impact of the geo political location of south africa within southern africa where the presence of other nations particularly angola mozambique namibia and zimbabwe looms large methodologically written from the perspectives of both traditional narrative history and khaldunian interpretive historical analysis the book consequently sits at the interdisciplinary interstice of political economy and sociology where the aim is to advance our understanding of the braudelien interconnectedness of world history as an important diachronic determinant of the diplomacy of foreign relations written for both scholars and policy analysts this book s examination of the agency of the marginalized should also be of interest to activists and the reading public

tropical rain forests are the most complex varied and species rich terrestrial ecosystems on earth however these unique forests are more and more threatened by human activities about half of the originally forested area has been deforested in the past decades

and the pressure on today's remaining rain forests is still growing the German Indonesian research project STORMA stability of rainforest margins in Indonesia analyses the causes circumstances and consequences of rain forest conversion in its survey area in central Sulawesi Indonesia vast areas of intact rain forest still exist but are currently facing increasing exploitation by the rural population especially the expansion of cultivation area for cocoa and maize represents a major threat for local rain forests remote sensing plays an important role in the examination of rain forest loss because it allows the regionalisation and quantification of spatial developments at different scales in his book Christian Knieper gains information about land cover and land cover change in central Sulawesi on the basis of a Landsat 7 ETM time series he applies a modern object oriented approach which allows the analysis of non spectral features e.g. shape spatial relations thematic data and goes beyond the pure isolated statistical examination of each pixel's spectral values offered by traditional remote sensing techniques the gathered results on land cover change provide essential information for socio economic as well as ecological research activities within STORMA

Applying Cultural Anthropology: An Introductory Reader is a collection of articles that provide compelling examples of applied research in cultural anthropology in this age of globalization and increased cultural intolerance the basic messages of public anthropology are more important than ever the eighth edition offers 8 new readings and a new chart at the beginning of the text to help instructors and students locate key themes and topics
